

HELLO DARLINGS AND SWEETHEARTS... Golden greetings and wet wellcums!! I'm Anna Key, and I do the 'Golden Penfriends' newsletters and other related publications... I'm a 38 year young male who is very much into exploring my intense, vibrant, powerful and beautiful inner femininity, love to wear a cross dress, lots of sexy feminine gear to wear and more to swap with females and trans-sisters anywhere.

I am obviously also very intensely and passionately fascinated with watersports, erotic pissing and golden wet sex, and would love to correspond and communicate with anyone (male, female, transgender or other) who shares my/our special interest... would love to exchange letters, art, communications wet dreams and fantasies relating to this.

My particular areas of intense interest and desire revolve around pantie pissing, knickerwetting, fantasies of regression to infantilism, juvenalism, adolescence, adult babies, mothering/ nursing, breastfeeding, masturbation, dressing up games, feminisation, play wrestling hugs and cuddles, sleepovers, revealing and exploration, golden showers and piss play. I would particularly love to contact females anywhere to explicitly discuss and explore this in detail, and also possibly meet and discuss and talk about and even act out and realise some of these fantasies, also group meets with female and transgender individuals for swapping clothes, dressing up, drinks, parties, sleepovers, friendships, support, love, hugs, kisses, cuddles and whatever else we may mutually desire...
